VOLER // JERSEY FITS

- **Aero Fit** - Our Velocity tops and skin-suits are all aero patterned for a trim fit. Made with stretchy fabrics, these garments are designed to fit like a second skin.
- **Race Fit** - Our Pro and Peloton jerseys are available in race fit. Race fit should fit snug but not skin tight. We recommend sizing up or choosing club fit if you want a roomier, less constrictive fit.
- **Club Fit** - This is almost a size different from race (you can usually size up in a race fit to get the same fit as a club fit). Available in our Classic, Peloton, and Pro Jerseys, this is a great choice for cyclist looking for an athletic fit jersey with a bit of room in the chest and shoulders.
- **Casual Fit** - Our Trail and Endurance Tops are all a casual athletic fit. Designed for more freedom of movement than a standard road bike jersey
